Paddock Allocation / Service Area:

We would like to inform all drivers that this year's paddock and service area arrangements will be different from last year.

This year, it will not be possible to use the lower "large" parking area for paddock!

Therefore, the organizer asks all competitors to take this into account, given this year's circumstances, and to send the **minimum** dimensions of the space required for their race cars and accompanying/service vehicles when registering for the event. All other vehicles must be parked outside the paddock area. This will allow for optimal use of the paddock space (service area) for all registered participants.

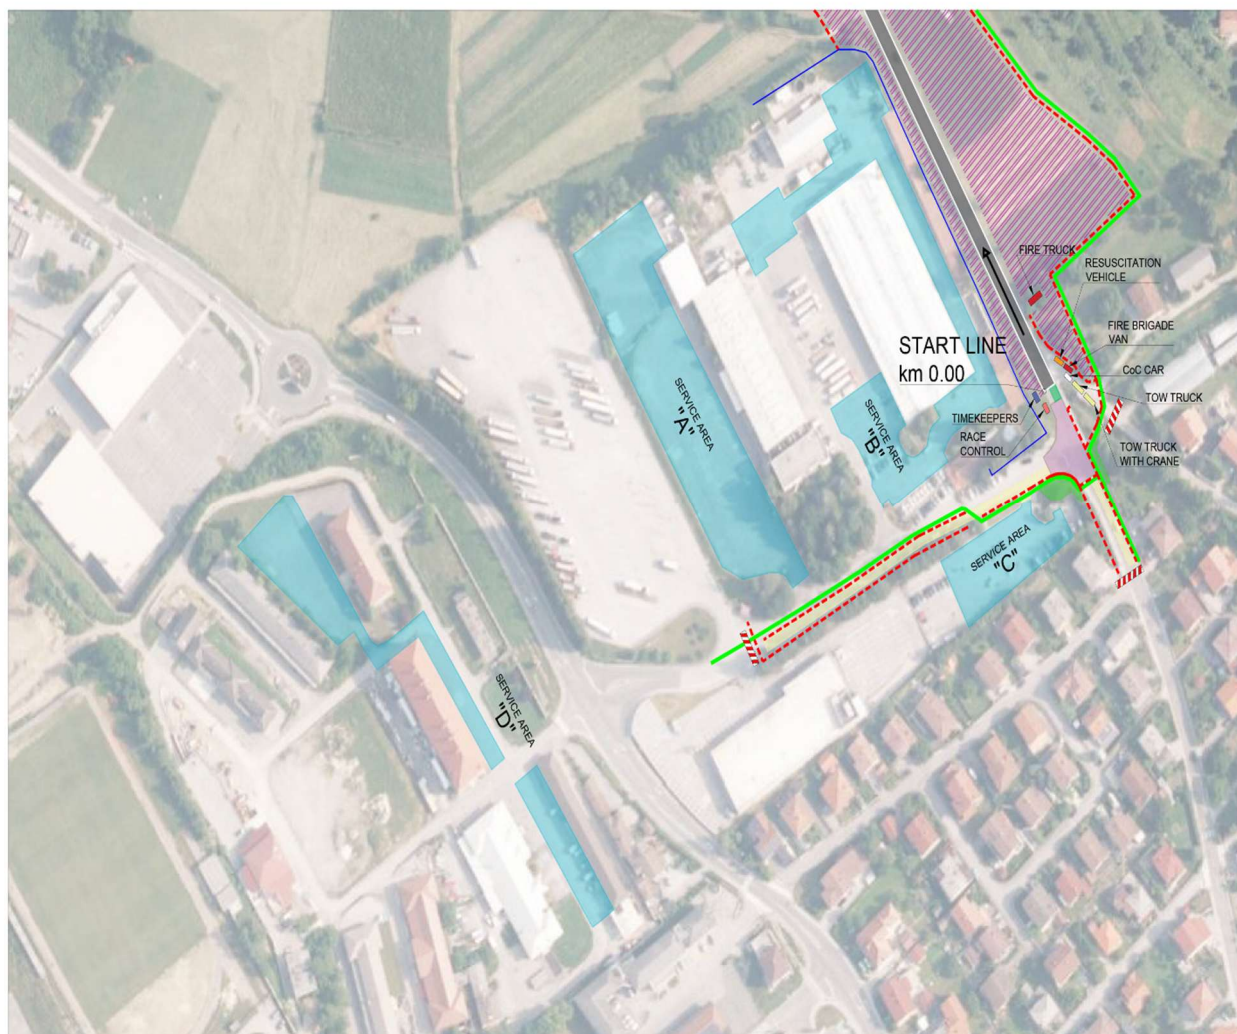

All competitors who have already registered are kindly requested to do so as soon as possible.

This year's paddock (service area) will be divided into 5 areas (marked with the letters A, B, C, D, and E). You will receive all the details regarding your parking in the paddock in a new Communication (after the closing of entries) – for parking in a specific space in the paddock (service area).

The individual paddock (service areas) are marked in blue in the attachment (2 pages).

Clerk of the Course
Ferdinand Poberžnik

Attachment 1 (Paddock / Service area: A, B, C, D)

Attachment 2: (Paddock / Service area: E)
