The Stewards, having received the report from the FIA TD (Annex 1, Doc 4.5) and having examined the situation, have issued a Decision No 2 (Doc. No 2.5), determined the following:

Driver and car No: Patrick CUNHA, No 24

Competitor: Patrick Cunha

Time (fact): 15:30

Session: After Practice 2

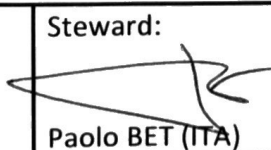

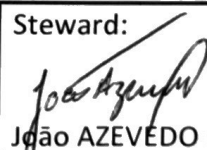

Fact: After Practice 2 the front axle width of Car #24 (Patrick CUNHA) was checked and found to be different from the value declared in the PF Technical Sheet. The PF Technical Sheet specifies a width of **1920 mm**, whereas the car was measured at **1972 mm** upon arrival to the Finish line. The tolerance, as per Article 258-1.16.7.9., is ± 20 mm. A recalculation of the Performance Factor using the actual width of 1972 mm was performed. This adjustment **does not result in a change to the assigned Group (Group 2)**.

Offence: Breach of art. 258-1-16.7.9 of the Appendix J.

Decision: A fine of 250€ which is suspended until the end of the 2026 season, according to Article 21.1.14 EHC Sporting Regulations – Category 1.

Reason: Having considered the matter extensively, the Stewards determined that measurement has been carried out complying with the regulations and at no time during the Competition (at any time after the publication of the first "Starting Order List") may the car measurements be out of tolerance reported in the PF Technical sheet entered in the Competition and must comply with the tolerance established by the technical regulations. It is first time infringement during the season.

The Competitor is reminded that he has the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code and Chapter 4 of the FIA Judicial and Disciplinary Rules, within the applicable time limits.
